## WAS IST GIN? WHAT IS GIN?

Gin besteht in den meisten Fällen aus einem Getreidealkohol, der mit verschiedenen sogenannten Botanicals verfeinert wird. Diese Botanicals können von Koriander über Ingwer, Zitronenschale bis Gurke reichen; Wacholder darf bei einem Gin aber niemals fehlen. Generell kann Gin in verschiedene Sorten unterteilt werden - London Dry Gin, Old Tom Gin und Sloe Gin.

*In most cases, Gin consist of alcohol distilled from grain, which is refined with various botanicals. Botanicals include coriander, ginger, lemon zest or cucumber. Juniper, however, is a mandatory ingredient in every gin. In general there are three main gin varieties - London Dry Gin, Old Tom Gin und Sloe Gin.*

### London Dry Gin

Der London Dry Gin ist wohl eine der verbreitetsten Gin-Sorten, wobei dieser nicht aus London kommen muss. Es handelt sich stattdessen um ein Reinheitsgebot für Gin.

*London Dry Gin is the Most common gin variety which does not necessarily have to be produced in London. The term rather refers to a kind of purity requirement for gin.*

### Old Tom Gin

Old Tom ist eine der ursprünglichsten Formen des Gins, welcher später aber in Vergessenheit geriet. Ganz zu Beginn der glorreichen Gin-Zeiten wurde der ursprünglich bittere, fast ungeniessbare Gin mit Zucker versetzt um den Genuss angenehmer zu gestalten.

*Old tom gin is the most original variety of Gin, which was almost forgotten. At the beginning of the glorious gin age the basically unenjoyable, mostly acridly tasting gin were refined with pure sugar in order to make them palatable.*

### Sloe Gin

Sloe Gin ist vielmehr ein Likör als ein Gin. Er fällt vor allem durch seine rötliche Farbe auf, besonders ist die Herstellungsart, bei welcher die Gins nicht destilliert, sondern angesetzt werden. Der namensgebende Bestandteil hierbei sind die Schlehen.

*Sloe Gin is more a liquor rather than a gin. Its red colour is one of the main characteristics. The production is different because the for this gin, blackthorn is steeped in rather than distilled. Blackthorn is the main ingredients.*

## BASIC GINS

4 cl, Vol. 26-48 %
